

The Pyrenean Mastiffs USA Club joins Good Dog as an official Club Partner in Good Dog's Club Partnership Program!

January 30, 2021

Pyrenean Mastiffs USA Club

[Good Dog](#) is thrilled to announce that the **Pyrenean Mastiffs USA Club (PMUSA)** will be joining Good Dog as an official Club Partner!

Good Dog admires the PMUSA's dedication to promoting the Pyrenean Mastiff breed. They have a commitment to educating the public about important information about the breed, including health testing requirements, the breed standard, and breed history. They recently launched a pedigree database which has a collection of valuable information on trial breeding, stud dogs, and available litters. We established the [Club Partnership Program](#) to support our Club Partners, like the PMUSA, in their crucial efforts to build a better world for our dogs.

As an official Club Partner, the PMUSA will **receive an annual grant**, Club recognition on the Good Dog website, priority status offered to PMUSA members who apply to Good Dog, and much more! The PMUSA is committed to promoting the health of this amazing breed. As part of this ongoing effort, **the Club will use their annual grant to collaborate with fellow breed clubs worldwide, and gather genetic data through Embark to better understand genetic diversity and health within the breed.**

Join Good Dog to help change the conversation and support the good forces in the dog world – give dog breeders the recognition they deserve and make the world a better place for our dogs and the people who love them. [Click here to join Good Dog today!](#)

Interested in applying to Good Dog's Club Partnership Program? Fill out our [Club Partnership Form!](#)

We would love to hear from you! Feel free to reach out at breederteam@gooddog.com!
